Strategic Plan Impact

✓ Safe Community

Investigating and making custody, parenting time, and support recommendations helps ensure the proper care and custody of children. Facilitative Information Gathering Conferences (FIGS), formerly known as Conciliations, allows parents to mediate their disputes and to reach their own custody, parenting time, and support agreements, which reduces the likelihood of parental kidnapping, non-payment of support, and parental alienation. Domestic Violence Screening and Safety Planning for families with domestic violence contributes to a safe community by providing safe options for parents at risk or struggling with domestic violence. The FOC has also partnered with Aware Inc. and Safe Havens to provide supervised parenting time and exchanges for families with domestic violence. Reporting suspected abuse and neglect and conducting criminal history checks on FOC employees and vendors contributes to a safe community.

Through its participation in the Michigan Prisoner Re-Entry Initiative (MPRI), the FOC reviews parolee support obligations to ensure that support is set at a reasonable amount, and

Friend of the Court

focuses more on job seeking initiatives as opposed to demanding unrealistic payment plans. This reduces parolee anxiety, feelings of hopelessness, and the chance of a parolee returning to a life of crime. The Warrant Unit arrests individuals who have outstanding warrants.

Safeguarding confidential FOC files keeps the community safe from improper disclosure of confidential information.

✓ **Economic Development**

The duties performed by the Enforcement/Casework, Bench Warrant, and Interstate Units advances economic development. By enforcing and collecting child and spousal support, Jackson's children and families are afforded financial support to help them meet their basic needs. Support is often spent in the community, which ensures continued growth and vibrancy within the local, regional, state, and global marketplace.

Additionally, the Friend of the Court is partnering with Michigan Works and Temporary Employment Agencies to connect unemployed or underemployed parents with educational and job opportunities.

The timely entry and modification of support orders into the Michigan Child Support Enforcement System by the Accounting Department is critical to the receipting and distribution of support payments. The FOC Support Services Unit, in addition to the Michigan Disbursement Unit, accepts payments locally to ensure that no money is turned away. By reviewing support obligations, the FOC helps ensure that support is set at manageable levels. Customers are more likely to pay their support, if they feel their income has been fairly evaluated.

Regular support payments decrease public assistance involvement, which places an unnecessary burden on taxpayers and negatively impacts the economy.

✓ **Healthy Community**

The FOC program has a direct impact on the healthy community strategic priority. By investigating and making recommended orders for custody and parenting time, this contributes to a healthy community by providing appropriate and safe parenting time and

custody arrangements. In some cases, supervised parenting time may be appropriate, therapeutic services may be necessary, or non-traditional approaches for parenting may be required.

The ADR and Investigation Department works with parents to evaluate the best interests of children to create a healthy environment for that child to develop. The Enforcement Unit contributes to a healthy community by enforcing court ordered child support to ensure that the basic needs of children and families are met. In addition, the

Enforcement Unit enforces court ordered health insurance provisions and delinquent medical bills, which all directly relate to a healthy community. Reporting suspected child abuse and neglect also contributes to a healthy community by providing intervening services for the children at risk of abuse or neglect.

Accomplishments

- ✓ Enforcement / Arrears Management: Collaborated with Matterhorn, Inc. to provide text and email notifications for hearings as well as text / email communication between caseworkers and clients.
- ✓ Collaboration: Partnered with Aware Inc and Safe Havens to provide supervised parenting time and exchanges.
- ✓ Collaboration: Partnered with MDRC and the Families Forward Demonstration to provide educational and employment services for under or unemployed payers of support.
- ✓ Changes: New Key Performance Indicators (KPI's) instituted from the Office of Child Support related to locate, medical support, timely enforcement, and timely modifications.
- ✓ COVID – 19: With the exception of 10 days, the Friend of the Court office has remained open and servicing clients throughout the pandemic. Updated health screenings, work from home options, and virtual meetings/hearings have allowed for little to no interruption of services.
