

Prescription Drug Safe Use, Storage, & Disposal

- Are your medicines in a secure location that is out of sight and out of reach from children?
- Would you know if some of your pills were missing?
- Do you know where to properly dispose of your medicines?

Safe Use

- Use medicines only as directed.
- Never share your prescription medication with another individual.

Safe Storage

- Keep medicines out of reach of children and teens.
- Lock up medicines that have a high potential for misuse such as opioids, barbituates, and stimulants.

Safe Disposal

- Do not keep medicines once you are finished taking them.
- Do not flush medicines.
- Scratch out your personal prescription information before disposing of medication containers.
- Dispose of medicines at a local disposal location (see next page).

Proper drug disposal can help prevent medicine misuse in our community, and help protect against environmental pollution.
