

# Strategic Plan

## 2018-2022 Priority Areas

1. Improvements in agency infrastructure to promote effective evidence-based public health practices and increase credibility of service delivery
2. Integration of public health services into the broader healthcare system in Jackson County
3. Sustain and build strong collaborative partnerships
4. Creation of agency-wide system plans
5. Identification and mitigation of emerging public health issues
6. Advancement of advocacy strategies at local, state, and federal levels of government

DEDICATED to

*Creating Healthy Communities*

**Vision - To be one of Michigan's healthiest communities.**

**Mission – Working together to create and promote a healthy community through disease prevention and control, health education, environmental protection and emergency preparedness.**

Website: [www.co.jackson.mi.us/hd](http://www.co.jackson.mi.us/hd)

*"The plan will provide guidance for decisions about future activities and resource allocations. It is a working document, and as such, it will be revisited often and modified when needed to reflect new opportunities, emerging threats and environmental changes that are occurring around us."*

Richard Thoun  
Jackson County Health Officer
